

Adding a Link to text Boxes

Stage1: create a text box

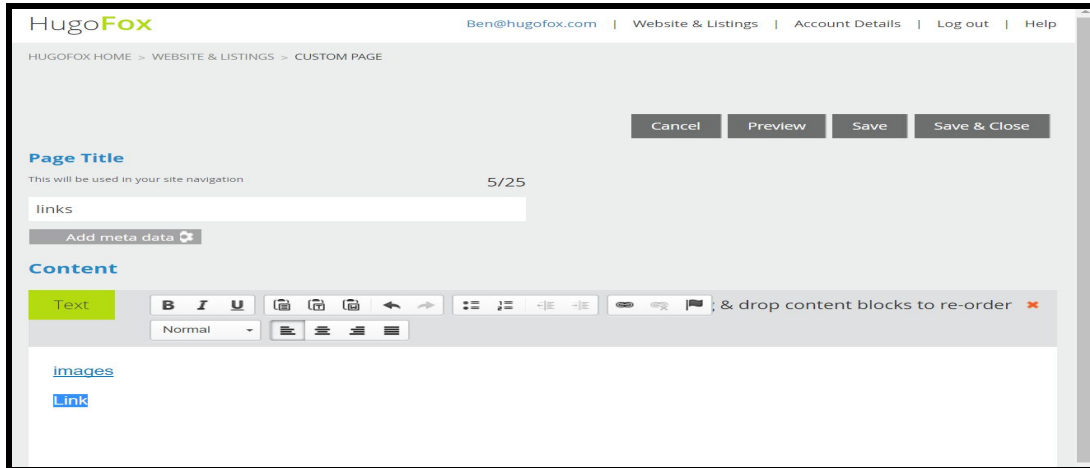

The screenshot shows the HugoFox website editor interface. At the top, there is a navigation bar with the HugoFox logo, the user email Ben@hugofox.com, and links for Website & Listings, Account Details, Log out, and Help. Below the navigation bar, the breadcrumb trail reads HUGOFOX HOME > WEBSITE & LISTINGS > CUSTOM PAGE. On the right side, there are four buttons: Cancel, Preview, Save, and Save & Close. The 'Page Title' section is active, showing a text input field with the value 'links' and a character count of 5/25. Below the text input field is a button labeled 'Add meta data'. The 'Content' section is also visible, featuring a rich text editor toolbar with various formatting options (bold, italic, underline, link, unlink, list, indent, outdent, undo, redo) and a 'Format' dropdown menu. The content area is currently empty.

Stage2: Write the text you wish as a link

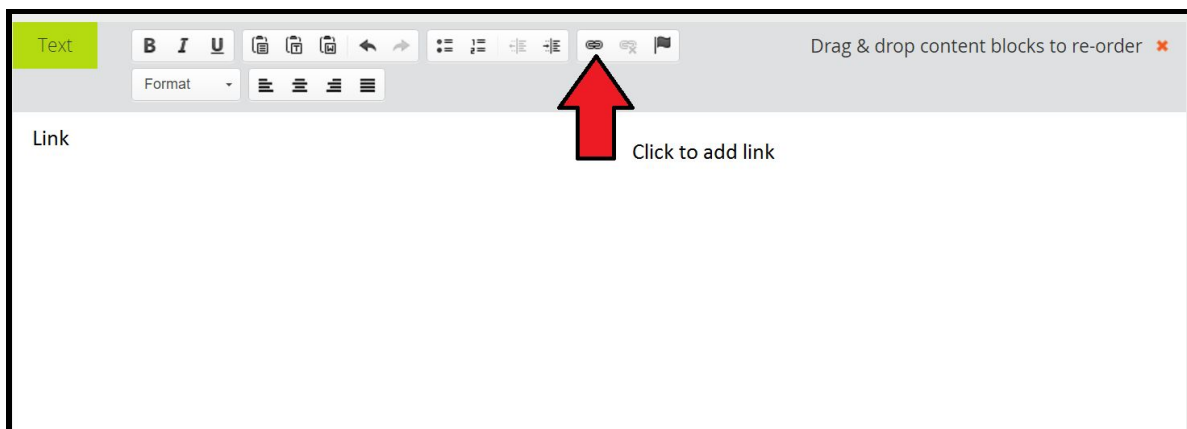

The screenshot shows the HugoFox website editor interface, similar to the previous one. The 'Page Title' section remains the same with the value 'links'. The 'Content' section is now active, and the text 'Link' has been entered into the content area. The rich text editor toolbar is visible, showing the 'Format' dropdown menu set to 'Normal'.

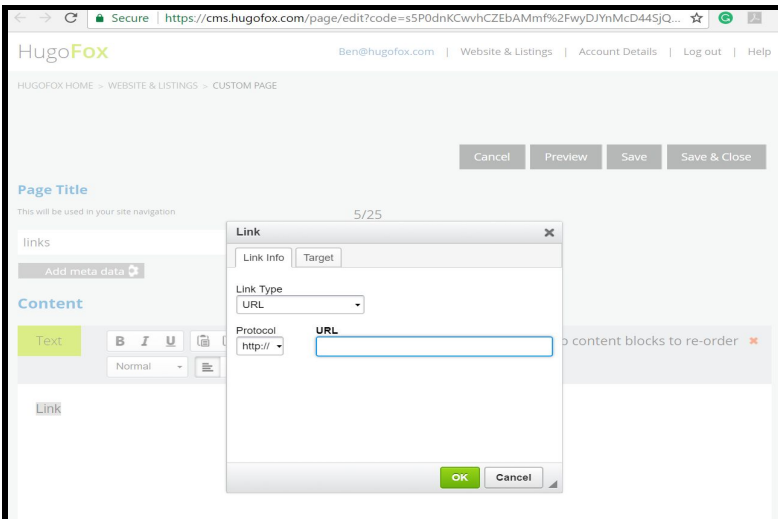

Stage3: Highlight the text and click the Link icon

Stage4: Click on the Link Icon

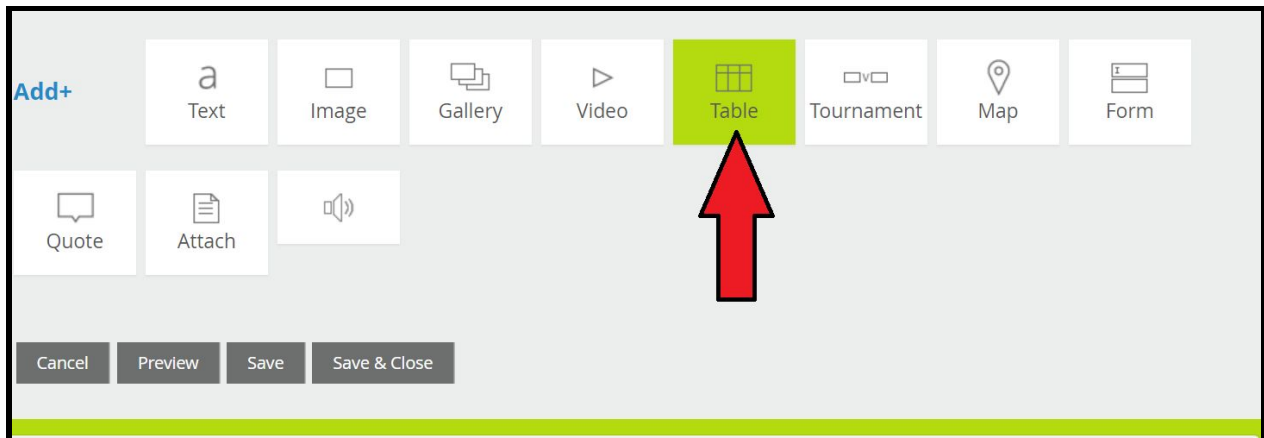

Stage5: Insert the link into the URL Box and click ok.

Adding Links to Table/images

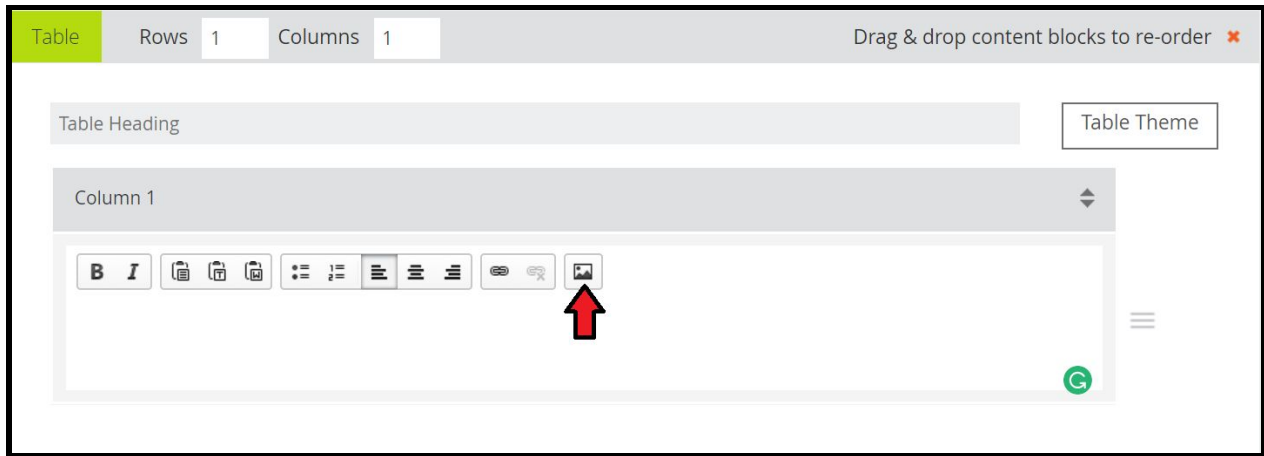

Stage 1: Create a Table using the table content block

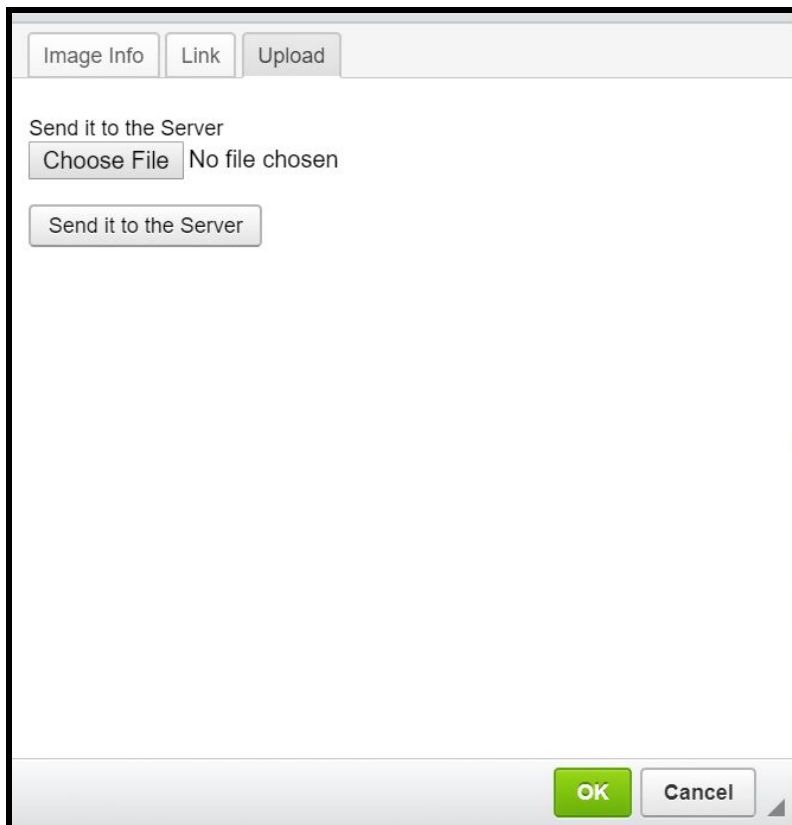

Stage 2: Click on an empty space on the table

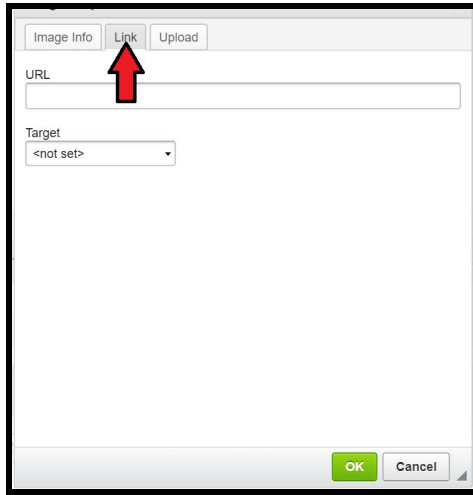

Stage 3: Click on the add image button

Stage 4: Select the image you wish to have as the link by using the Upload.

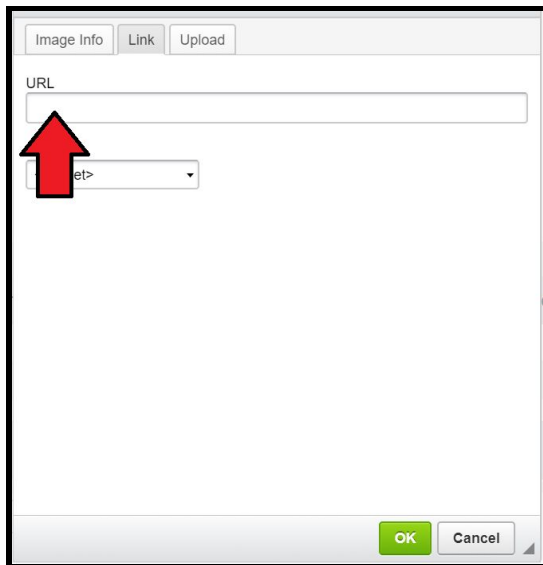

Stage 5: Once Uploaded select link

A screenshot of a dialog box with three tabs: 'Image Info', 'Link', and 'Upload'. The 'Link' tab is selected. It contains a 'URL' text input field, a 'Target' dropdown menu with '<not set>' selected, and 'OK' and 'Cancel' buttons at the bottom. A red arrow points to the 'Link' tab.

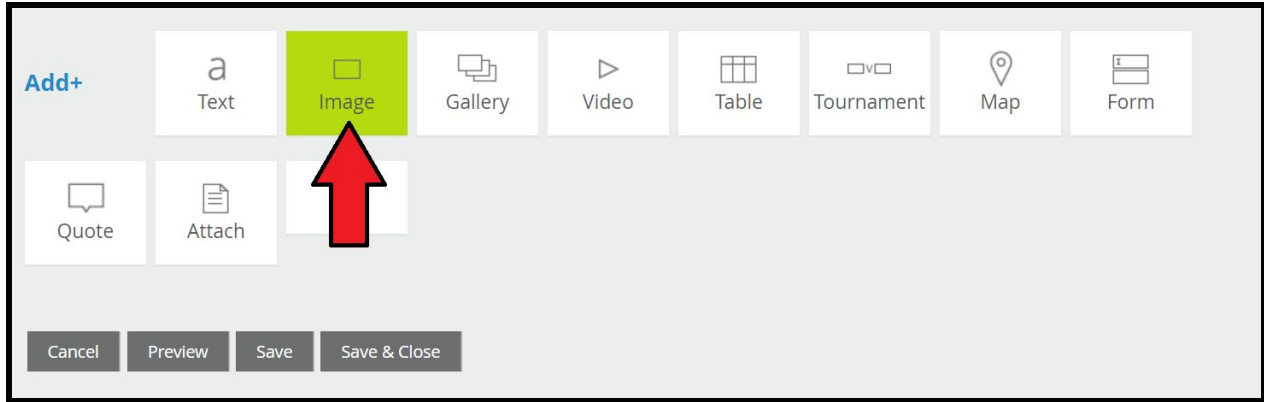

Stage 6: Place the Url of the link in the Box

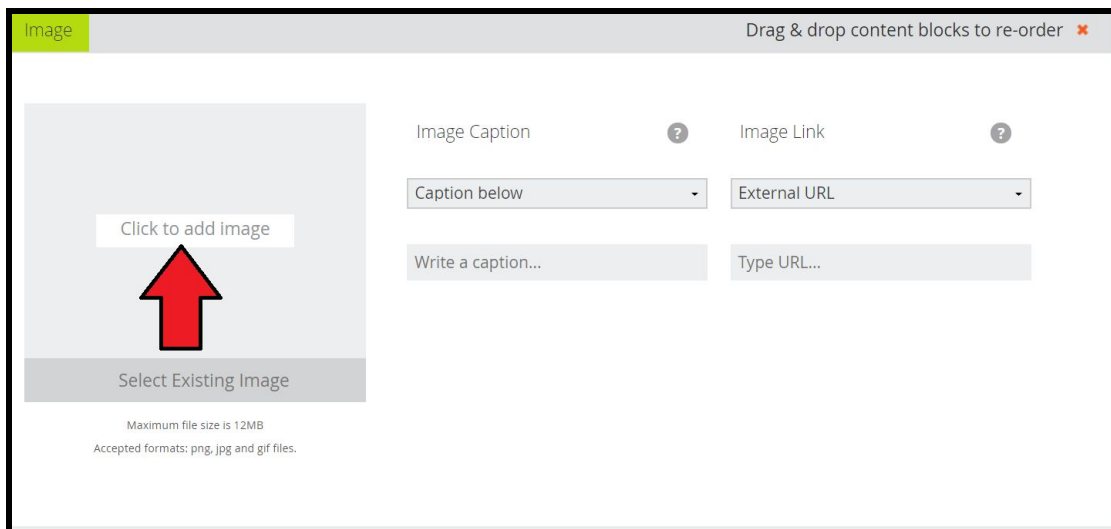

A screenshot of the same dialog box, but with a red arrow pointing to the 'URL' text input field, indicating where to enter the link's URL.

Linking with the image Block

Stage 1: Click on Add image block or the image you wish to add a link to.

Stage 2: Upload the image you wish to use

Stage 3: Enter the URI in the Image link space.
